### Disease Control Program

OFS Super Kelp	3 x 5L	
OFS MicroPlus	1 x 500g	via irrigation at seeding
OFS MicroPlus	400g	foliar spray every 7-10 days

Notes:

1. High quality horticultural compost
2. All care has been taken to provide advice based on the latest scientific information. This program is supplied as a base program and should be adjusted for individual situations. As individual farms vary significantly, no guarantee or responsibility can be accepted for crop performance.
3. Plant tissue analysis should be used to monitor crop growth and the program altered accordingly.
