Re: Assessment for Compliance of an Input Product to the United States Department of  
Agriculture (USDA) National Organic Program (NOP)

Dear Sue,

The Fish-Plus from 6177M Organic Farming Systems has been assessed for compliance to the  
USDA NOP Standards.

The Fish-Plus is compliant according to the requirements of the USDA National Organic Program  
(NOP) for use in certified organic production systems.

The assessment of the Fish-Plus is based on the formulation provided by Organic Farming  
Systems. Any changes to the Fish-Plus is to be provided to NASAA Certified Organic (NCO) in  
writing and a reassessment of compliance will be conducted.

This confirmation of compliance is valid while the Fish-Plus remains unchanged from the  
formulation submitted and while Organic Farming Systems retains certification with NCO.
