Re: Assessment for Compliance of an Input Product to the United States Department of
Agriculture (USDA) National Organic Program (NOP)

Dear Sue,

The Humus 100 from 6177M Organic Farming Systems has been assessed for compliance to the
USDA NOP Standards.

The Humus 100 is compliant according to the requirements of the USDA National Organic
Program (NOP) for use in certified organic production systems.

The assessment of the Humus 100 is based on the formulation provided by Organic Farming
Systems. Any changes to Humus 100 are to be provided to NASAA Certified Organic (NCO) in
writing and a reassessment of compliance will be conducted.

This confirmation of compliance is valid while the Humus 100 remains unchanged from the
formulation submitted and while Organic Farming Systems retains certification with NCO.
